

三氧化二锑

Antimony Trioxide PATOX-MK

PATOX-MK 产品秉承了日本精矿多年来冶炼加工技术的结晶,作为(通用品)三氧化二锑产品授权并委托中国国内合作伙伴制造。

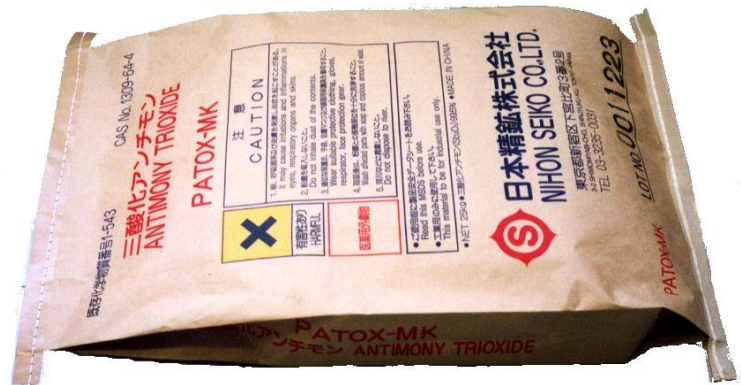

本品与日本精矿(通用品)PATOX-M 产品具有同等品质,作为阻燃剂得到广泛应用。

PATOX-MK is Antimony Trioxide for general purpose, manufactured by a Chinese partner through production agreement by utilizing the refinery processing technique supported by the long experience of Nihon Seiko, as a leading Japanese antimony manufacturer.

This has an equivalent property to the reliable brand of Nihon Seiko's PATOX-M, and is the grade of wide application as flame retardant.
